Subject Index

-A-

Acarbose, a review of the safety and efficacy of, in diabetes mellitus, 792
ACCP 1996 Winter Practice and Research Forum, abstracts and index of authors, 123
ACCP–ASHP supplemental standard and learning objectives for specialized residency training in pharmacotherapy practice, 112
ACCP—1996 Annual Meeting, abstracts and index of authors, 489
Active immunization in HIV-infected patients, 163
Acyclovir, does it increase serum lithium levels?, 466
Adenosine myocardial perfusion imaging in women versus men, the comparative safety and diagnostic accuracy of, 646
Agitation, sedation in acute and chronic, 152S
AIDS, therapeutic options for the management and prevention of, Mycobacterium avium complex infection in patients with the, 171
Albumin and plasma protein fraction, viral infectivity of, 996
Alcohol withdrawal in the elderly and in patients with liver disease, benzodiazepines for, 49
Allergic rhinitis, treating with second-generation antihistamines, 905
Alopecia associated with zidovudine therapy, 79
Alteplase, reteplase, and streptokinase in patients with acute myocardial infarction, controlled trials comparing, 137S
Aminoglycoside comparative trials, once-daily, an examination of meta-analysis of, 1093
Aminoglycosides, once-daily, bayesian simulation of, 286
Aminophylline and flumazenil, a study of benzodiazepine antagonism by, 1166
Aminophylline dosing in the treatment of apnea of prematurity—a commentary, 317
Aminophylline dosing in the treatment of apnea of prematurity—authors' reply, 319
Amnesia possibly associated with zolpidem administration, 687
Androgen receptor, mutated, and treatment implications for metastatic carcinoma of the prostate, 376
Angioedema, delayed onset of with angiotensin-converting enzyme inhibitors, 675
Angiotensin II receptor antagonists, a new class of antihypertensive therapy, 849
Angiotensin II receptor blockers: novel therapy for heart failure, 59S
Angiotensin-converting enzyme inhibitors in left ventricular dysfunction, 50S
Angiotensin-converting enzyme inhibitors, delayed onset of angioedema with, 675
Antibiotics, in vitro testing of, 201
Antihistamines, second-generation, treating allergic rhinitis with, 905
Antihypertensive drug treatment, the risk of myocardial infarction associated with, in persons with uncomplicated essential hypertension, 321
Antipsychotic drugs, novel versus conventional, 6S
Antipsychotic drugs, use of novel, 160S
Aplasia, pure red cell, drug-induced, 1002
ASHP–ACCP supplemental standard and learning objectives for specialized residency training in pharmacotherapy practice, 112
Aztreonam and imipenem, pharmacokinetics of in critically ill patients with pneumonia, 924
Aztreonam-clindamycin versus gentamicin-clindamycin in the treatment of penetrating abdominal injury, pharmacoeconomics of, 951

-B-

Bar code documentation of pharmacotherapy services in intensive care units, 261
Bayesian simulation of once-daily dosing of aminoglycosides, 286
Benzodiazepines for alcohol withdrawal in the elderly and in patients with liver disease, 49
Benzodiazepines in schizophrenia, 148S
Beta-receptor antagonists in the treatment of symptomatic ventricular dysfunction, current perspectives on, 69S
Biotechnology products, evaluation of, 527
Bolus versus infusion equations, pharmacokinetic pearls, 698
Bone marrow transplantation, autologous, prolonged administration of ciprofloxacin does not accelerate neutrophil recovery after, 652
Bone marrow transplantation, cytokine therapy after, 593
Breast cancer, new approaches to adjuvant chemotherapy for, 88S
Breast cancer, peripheral blood progenitor cells to support intensive chemotherapy for patients with, 94S
Bromfenac, pharmacokinetic-pharmacodynamic

relationships of, in mice and humans, 1179
Bronchodilators, a cost comparison of beta 2-agonist is not a cost-effectiveness comparison, 484
Bronchodilators, a cost comparison of beta 2-agonist is not a cost-effectiveness comparison–author's reply, 486
Butorphanol, withdrawal syndrome is not precipitated when it is added to opiate or opioid therapy, a comment on intranasal butorphanol-induced apraxia reversed by naloxone, 969

-C-

Caffeine pharmacokinetics and pharmacodynamics, influence of grapefruit juice on, 1046
Calcitriol in the management of secondary hyperparathyroidism of renal failure, 619
Calcium channel blockers in heart failure, evolving role of, 43S
Calcium channel blockers, intravenous, treatment of supraventricular tachyarrhythmias with, are subtle differences worth the cost?, 861
Carboplatin, formation of platinum-DNA adducts in pediatric patients receiving, 631
Cell therapy, the future of, 109S
Cetirizine: a new antihistamine with minimal sedation, 967
Ciprofloxacin pharmacokinetics, sparse plasma-sampling strategy for estimating, 937
Ciprofloxacin, prolonged administration does not accelerate neutrophil recovery after autologous bone marrow transplantation, 652
Ciprofloxacin-sucralfate drug interaction, failure of prostatitis treatment secondary to, 314
Cisplatin resistance, insights into mechanisms of, and potential for its clinical reversal, 16
Clarithromycin, the role of in disseminated Mycobacterium avium-intracellulare infection in patients with AIDS, 393
Clarithromycin-cyclosporine interaction, role of intestinal p-450 enzyme system in, 301
Clindamycin-aztreonam versus gentamicin-clindamycin in the treatment of penetrating abdominal injury, pharmacoeconomics of, 951
Clinical pharmacists, the impact of, on psychiatric patients, 708
Clinical pharmacy services, economic evaluations of, 1188
Clinical pharmacy services, the perceived influence of, on physician prescribing, 1133
Cocaine, electrophysiologic and electrocardiographic pharmacodynamics of, 438
Cocaine, its effect on ventricular fibrillation threshold in the normal canine heart, 429
Codeine, effective treatment of narcolepsy with in a patient receiving hemodialysis, 463
Colony-stimulating factors, pharmacologic effects of and their modulation by theophylline, 742
Creatinine clearance, comparison of measured and estimated in patients with advanced HIV disease, 222
Critical pathways: the time is here for pharmacist involvement, 723
Cryptococcal meningitis in patients with AIDS, 547
Cyclosporine neurotoxicity, 576
Cyclosporine, and cytokine-drug interactions, 401
Cyclosporine, enhanced oral absorption with water-soluble vitamin E, 59
Cyclosporine-clarithromycin interaction, role of intestinal p-450 enzyme system in, 301
Cystic fibrosis, CYP2D6, n-acetylation, and xanthine oxidase activity in, 749
Cystic fibrosis, dornase alfa, a new option in the management of, 40
Cytokine therapy after bone marrow transplantation, 593
Cytokine-drug interactions: focus on cyclosporine, 401

-D-

Dapsone, trimethoprim-sulfamethoxazole, and pentamidine in the prophylaxis of Pneumocystis carinii pneumonia, comparison of, 1030
Deaconess informed consent comprehension test: an assessment tool for clinical research subjects, 872
Depression, major, the role of venlafaxine in treating, 352
Desmopressin, water intoxication in patients treated with, 969
Desmopressin, water intoxication in patients treated with—author's reply, 970
Desmopressin-induced hyponatremia, 66
Diabetes mellitus, metformin in noninsulin-dependent, 327
Digoxin concentrations, direct comparison of three methods for predicting, 1085
Digoxin in patients with systolic dysfunction, is there a role for it, 37S
Diltiazem for acute ventricular rate control, fatality due to intravenous, 306
Dobutamine and dopamine, hemodynamic response to altered flow continuity of, 1018
Dolasetron, multiple-dose, placebo-controlled, phase 1 study of oral, 253
Dolasetron, single-dose, placebo-controlled, phase 1 study of oral, 245
Dopamine and dobutamine, hemodynamic

response to altered flow continuity of, 1018
Dornase alfa: a new option in the management of cystic fibrosis, 40
Doxycycline, chemical pleurodesis with, 280
Drug and poison information resources on the internet, part 1: an introduction, 537
Drug and poison information resources on the internet, part 2: identification and evaluation, 806
Drug interactions and antipsychotic therapy, 15S
Drug transport, renal, 971
Drug-induced pure red cell aplasia, 1002
Drug-related hospital admissions, 701

-E, F, G-

Electrocardiographic analysis system: performance of and implications for pharmacodynamic studies, 230
EMLA cream, resolution of tumor pain with, 694
Encephalopathy, acute, attributed to 5-FU, 311
Epilepsy, health status of adults with, 1
Epinephrine during cardiopulmonary resuscitation, effect of vehicle on the nasal absorption of, 1039
Erythromycin lactobionate infusions in critically ill patients, QTC-interval prolongation associated with slow intravenous administration of, 663
Estrogen after menopause, hormone replacement therapy, 366
Fellowship and residency programs, recruitment and funding for clinical pharmacy, 271
Fish management, an allegory of, the writing on the wall, 721
Fish oil as an adjuvant in the treatment of hypertension, 295
Flumazenil and aminophylline, a study of benzodiazepine antagonism by, 1166
Fosphenytoin, the safety, tolerability, and pharmacokinetics of, 638
Fosphenytoin: a novel phenytoin prodrug, 777
Fountain of youth, is there a, a review of current life extension strategies, 183
Genetic factors in drug therapy, clinical and molecular pharmacogenetics, 108
Gentamicin-clindamycin versus aztreonam-clindamycin in the treatment of penetrating abdominal injury, pharmacoeconomics of, 951
Glipizide, the influence of dosing and age on the kinetics and dynamics of, 760
Grapefruit juice, influence of on caffeine pharmacokinetics and pharmacodynamics, 1046

-H-

Health economics and outcomes assessment, survey of ACCP members regarding, 267
Health status of adults with epilepsy, 1
Heart failure, pathophysiology of, 27S
Heparin therapy, thrombosis resulting from, 469
Heparin, comparison of a weight-based nomogram with traditional dosing, 1076
Hepatitis D virus infection, a meta-analysis of interferon-alfa treatment of, 609
Hiccups, a treatment review, 986
HIV disease, comparison of measured and estimated creatinine clearance in patients with advanced, 222
HIV-infected patients, active immunization of, 163
Hormone replacement therapy, estrogen after menopause, 366
Hospital admissions, drug-related, 701
Hyperlipidemia, poloxamer 407-induced, effects of on nicotinic acid, 10
Hypertension, fish oil as an adjuvant in the treatment of, 295
Hyponatremia, desmopressin-induced, 66

-I-

Imipenem and aztreonam, pharmacokinetics of in critically ill patients with pneumonia, 924
In vitro testing of antibiotics, 201
Informed consent comprehension test, Deaconess, an assessment tool for clinical research subjects, 872
Inotropic agents, new, in the treatment of heart failure, 78S
INR determination, comparison of two methods for, 1159
Intensive care units, bar code documentation of pharmacotherapy services in, 261
Interferon-alfa treatment of hepatitis D virus infection, a meta-analysis of, 609
Interleukin-2 , pharmacokinetics and pharmacodynamics of, in HIV-infected patients, 754
Internet, drug and poison information resources on the, part 1: an introduction, 537
Internet, drug and poison information resources on, part 2: identification and evaluation, 806
Iron poisoning in children, serum iron concentrations and symptoms of acute, 1053
Iron prescribing, appropriateness of: a retrospective study, 473
Isoflurane and sevoflurane, the effects of on recovery from outpatient surgery, 446
Itraconazole, effect of food on the pharmacokinetics of a new hydroxypropyl-beta-cyclodextrin formulation of, 424

-K, L, M, N-

Ketorolac, intravenous, for pain management in thermal injuries, 75
Levothyroxine dosage strength availability, effects of restricting, 1103
Life extension strategies, a review of current, 183
Lithium carbonate, suppression of herpes simplex virus infections, 1070
Lithium, does acyclovir increase serum levels?, 466
Lovastatin, combination therapy with low-dose lovastatin and niacin is as effective as higher-dose, 419
Meglumine antimoniate therapy for visceral leishmaniasis, cytogenetic observations after, 869
Meta-analysis, an examination of, with an emphasis on once-daily aminoglycoside comparative trials, 1093
Metformin in noninsulin-dependent diabetes mellitus, 327
Methotrexate elimination in a patient with an orthotopic neobladder with and without a urethral catheter, 961
Metoclopramide, intranasal, evaluation of in the prevention of postoperative nausea and vomiting, 1063
Mycobacterium avium complex infection in patients with AIDS, therapeutic options for the management and prevention of, 171
Mycobacterium avium-intracellulare infection in AIDS, the role of clarithromycin in disseminated, 393
Myocardial infarction, strategies in the management of acute, 127S
Myocardial infarction, the risk of, associated with antihypertensive drug treatment in persons with uncomplicated essential hypertension, 321
Narcolepsy, effective treatment of with codeine in a patient receiving hemodialysis, 463
Neuromuscular blocking agents in the operating room, a pharmacoeconomic analysis of, 942
Neuromuscular blocking agents, resistance to nondepolarizing, 409
Neuronal injury, acute, new pharmacologic strategies for, 830
Nicotinic acid, effects of on poloxamer 407-induced hyperlipidemia, 10
Nifedipine, comparison of two formulations of, on ambulatory blood pressure monitoring, 932
NMDA receptors, a review of, and the phencyclidine model of schizophrenia, 82
Nondepolarizing neuromuscular blocking agents, the impact of practice guidelines on prescribing patterns of, 899
Nutritional supplement use, predictors of, by the elderly, 715

-O, P, Q,-

Ondansetron, treatment of opioid-induced pruritus with, report of four patients, 958
Oral contraceptive use in two New England communities, correlates of, 1173
Orthostatic hypotension induced by sertraline withdrawal, 684
Pain, tumor, resolution of with EMLA cream, 694
Pentamidine, trimethoprim-sulfamethoxazole, and dapsone in the prophylaxis of Pneumocystis carinii pneumonia, comparison of, 1030
Peptic acid diseases in a VA ambulatory care clinic, the development of clinical practice guidelines for treatment of, a comment, 480
Peptic acid diseases in a VA ambulatory care clinic, the development of clinical practice guidelines for treatment of, authors' reply, 482
Peripheral blood progenitor cell transplantation for breast cancer: pharmacoeconomic considerations, 101S
Peripheral blood progenitor cells to support intensive chemotherapy for patients with breast cancer, 94S
Pharmaceutical care, extent of community-based delivery of in Virginia, 94
Pharmaceutical care, how many of us provide, 965
Pharmaceutical care, practice functions necessary for the delivery of, 889
Pharmaceutical marketing: implications for medical residency training, 103
Pharmacokinetic pearls: bolus versus infusion equations, 698
Pharmacotherapy outcomes: assessing a model for clinicians, 1142
Piperacillin-tazobactam: a new β-lactam–β-lactamase inhibitor combination, 149
Plasma protein fraction and albumin, viral infectivity of, 996
Platinum-DNA adducts in pediatric patients receiving,carboplatin, formation of, 631
Pleurodesis, chemical, with doxycycline, 280
Progesterone, oral administration of micronized, a review and more experience, 453
Propranolol and valproate, a pharmacokinetic study to determine the drug interaction between, 1059
Propylene glycol: the safe diluent that continues to cause harm, 690

Prostate, metastatic carcinoma of, implications of mutated androgen receptor for the treatment of, 376
Psychiatric patients, the impact of clinical pharmacists on, 708
Publication rates for basic sciences versus practice from pharmacy-based grant programs, comparison of, 1128
Publication rates, application of: another perspective, 477
Publication rates, application of: another perspective—authors' reply, 479
Quality-of-life measures for pediatric patients, overview of health-related, application in the assessment of pharmacotherapeutic and pharmacoeconomic outcomes, 879
Quinupristin-dalfopristin, treatment of vancomycin-resistant enterococci with a focus on, 584

-R, S-

Renal drug transport: a review, 971
Renal transplantation, immunopharmacologic therapy in, 562
Residency and fellowship programs, recruitment and funding for clinical pharmacy, 271
Residency training in pharmacotherapy practice, supplemental standard and learning objectives for specialized, ASHP–ACCP, 112
Reteplase, alteplase, and streptokinase in patients with acute myocardial infarction, controlled trials comparing, 137S
Schizophrenia, benzodiazepines in, 148S
Schizophrenia, etiology and impact, 2S
Schizophrenia, pathophysiology of, and the role of newer antipsychotics, 11S
Schizophrenia, the neurobiology of, 143S
Schizophrenia, the phencyclidine model of, and NMDA receptors in, 82
Sedation in acute and chronic agitation, 152S
Sertraline withdrawal, orthostatic hypotension induced by, 684
Sertraline-associated syndrome of inappropriate antidiuretic hormone, 680
Sevoflurane and isoflurane, the effects of on recovery from outpatient surgery, 446
Shark cartilage, antiproliferative activity of, with and without tumor necrosis factor-alfa, 237
Spinal cord injury, acute, new pharmacologic approaches, 382
Streptokinase, reteplase, and alteplase and in patients with acute myocardial infarction, controlled trials comparing, 137S
Sucralfate-ciprofloxacin drug interaction, failure of prostatitis treatment secondary to, 314
Syndrome of inappropriate antidiuretic hormone, sertraline-associated, 680

-T, V, W, Z-

Tachyarrhythmias, supraventricular, pharmacologic prophylaxis of after coronary bypass, 615
Tachyarrhythmias, treatment of supraventricular, with intravenous calcium channel blockers: are subtle differences worth the cost?, 861
Theophylline in premature infants, evaluation of two dosing equations for, 769
Thiacetazone, pharmacokinetic evaluation of, 735
Thromboembolic prophylaxis in moderate-risk patients undergoing elective abdominal surgery: decision and cost-effectiveness analyses, 1111
Thrombolytic agents, biochemical and pharmacologic comparison of, 119S
Thrombosis resulting from heparin therapy, 469
Ticarcillin-clavulanic acid, clearance of by continuous venovenous hemofiltration, 458
Trimethoprim-sulfamethoxazole, dapsone, and pentamidine in the prophylaxis of Pneumocystis carinii pneumonia, comparison of, 1030
Trimethoprim-sulfamethoxazole, oral absorption of in patients with AIDS, 656
Tuberculosis in the nineties, 110
Valproate and propranolol, a pharmacokinetic study to determine the drug interaction between, 1059
Vancomycin-binding characteristics in patients with serious infections, 1024
Vancomycin-resistant enterococci, 819
Vancomycin-resistant enterococci, treatment of with a focus on quinupristin-dalfopristin, 584
Venlafaxine and o-desmethylvenlafaxine pharmacokinetics, effects of age and gender on, 915
Venlafaxine, the role of, in treating major depression, 352
Viral infectivity of albumin and plasma protein fraction, 996
Warfarin resistance: diagnosis and therapeutic alternatives, 1009
Zidovudine serum concentrations, variability in, 1154
Zidovudine therapy, alopecia associated with, 79
Zolpidem administration, amnesia possibly associated with, 687
